# Stand registration approval

## Approve stand registration

### Important:

Here you can find the summary of your application.

Please carefully check the information you provided and then accept the conditions of participation.

By clicking the button "Submit binding and chargeable registration" at the end of this page, you confirm your stand registration and submit it to the organizer.

**Note for exhibitors presenting products of a third-party company: To complete your registration, please fill out the form [Confirmation from Manufacturer](#) (with company stamp and signature) and send it to [transportation@iaa.de](mailto:transportation@iaa.de).**

### Summary of your registration

By confirming this registration (by clicking the button "Binding and chargeable registration" at the end of this page), your registration for IAA TRANSPORTATION 2026 becomes **binding and chargeable**.

- We have taken note of the **Exhibition Conditions**, the **Organizational & Technical Guidelines**, and other applicable regulations for **IAA TRANSPORTATION 2026** in their current version as the basis of the business relationship between us and the organizer, and we declare our agreement with their contents.
- We also confirm that we have taken note of the **Data protection information** for the online exhibitor registration as well as the data protection disclaimer on [www.iaa-transportation.com](http://www.iaa-transportation.com).
- We understand that changes to billing information will incur a **processing fee** of €150 (plus VAT) and that each additional change will be charged at **€250 (plus VAT)**.

### Note:

**The following information will be sent to you automatically by email after completing your registration.**

**By registering, the exhibitor *commits* to participate in the event and set up a booth in case a stand is allocated.**

- We herewith register for the IAA TRANSPORTATION 2026 with legally binding effect and subject to a fee. The data entered, as listed above, has been checked and is correct.

Submit binding and fee-based registration

Please carefully review the details of your registration below.

To proceed, kindly confirm your acceptance of the [Exhibition Conditions](#) and [Data Protection Information](#), and the terms regarding billing information changes.

By clicking the button [Submit binding and fee-based registration], you officially confirm your stand booking.

**Please note: This is a binding booking of a stand at IAA TRANSPORTATION, not a non-committal inquiry.**

# Information on further booking options

## Approve co-exhibitor registration

### Summary of your co-exhibitor registration

By confirming this registration (by clicking the button "binding and chargeable registration" at the end of this page), we acknowledge and accept the following conditions and guidelines:

We have taken note of the [Exhibition Conditions](#), the [Organizational & Technical Guidelines](#) as the basis of the business relationship between us and the organizer, and declare that we agree with their contents.

We declare that we have taken note of the [Data Protection Information](#) for the online exhibitor registration, as well as the data protection disclaimer of the website [iaa-transportation.com](http://iaa-transportation.com).

#### Notice:

The following information will be sent to you automatically by e-mail after your registration.

By registering, the exhibitor **undertakes** to participate in the exhibition and to set up an exhibition stand in the event that one is allocated.

We hereby submit our **binding and chargeable** registration for the **IAA TRANSPORTATION 2026**.

The above data has been **checked** and is **correct**.

Submit binding registration

This section provides an overview of your co-exhibitor registration.

Please review all details carefully. By clicking the [Submit binding registration] button, you confirm your co-exhibitor participation.

A confirmation email will be sent to you shortly thereafter.

**Please note: This is a firm booking for participation in IAA TRANSPORTATION, not a non-binding inquiry.**
